

Steven Eiselt

QA/QC Specialist with Experience in Petrol Industries

516 N. Forest St.
Bellingham, WA 98225
(206)-661-5628
seiselts@gmail.com

EXPERIENCE

Hexcel Corporation, Burlington, WA — *Quality Technician*

January 2019 - PRESENT

- Trained technicians on proper instrument and tool usage
- Calibrated and maintained instrumentation
- Performed final inspections on honeycomb core kits

Inspectorate, Ferndale, WA — *Chemist*

June 2016 - October 2018

- Analyzed petroleum samples via ASTM and IP methods
- Communicated with clients about testing requests and results
- Performed internal audits on safety and instrument upkeep

Western Washington University, Bellingham, WA — *Research Assistant*

December 2014 - June 2016

- Synthesized, characterized and analyzed nanoscale semiconductors
- Presented research ideas, progress and results to students, faculty and scientists
- Developed processes and methods for novel research projects

EDUCATION

Western Washington University — *Chemistry B.S.*

Graduated June, 2016

GPA: 3.0 Minor: Geology

West Seattle High School — *Diploma*

Graduated June 2011

GPA: 3.4

PUBLICATIONS

Analysis of Optical Losses in High-Efficiency CuInS₂-Based Nanocrystal Luminescent Solar Concentrators: Balancing Absorption versus Scattering. *The Journal Of Physical Chemistry C* 2017 121 (6), 3252-3260

SKILLS

Quality Control
Quality Assurance
Data Analysis
Instrument Calibration
Employee Training

CONFERENCE PRESENTATIONS

Western Washington University
Scholar's Week

Simon Fraser University's
Nanolytica Conference

WWU's Energy Studies Energy
Symposium

AWARDS

EPA's People Prosperity and the
Planet Sustainability Grant, 2016
